Passerelles Numeriques Cambodia

2022 - 2023

IT Projects

- Job Finder and E-Commerce Websites (28th Sept 2022 – 2nd Dec 2022): Built a job search website in pairs and an E-Commerce website individually. Used HTML, SASS, Figma, JS, and Ajax.
- Cinema Booking System (28th Jan 2023 – 1st Feb 2023): Led a team of 5 as a task manager to develop a cinema ticket booking system using **PHP**, JS, Ajax, **Tailwind**, Figma, Jira, and database analysis.
- Tickets Booking System: Designed and developed a single-page application for a ticket booking system using **Vue.js**, Vuetify, and **Laravel**, featuring a seamless user experience and efficient functionality.
